Colorado National Junior Golf Program

Start off right with a Junior Program that strives to provide each student with a basic understanding of the golf game- full swing, short game, rules and etiquette.

Our program is designed to promote individual achievement as well as the most important aspect of learning golf- having fun!

CNGC's Junior Program provides a safe, fun, and informative environment. Fundamentals covered include grip, set-up, pivot, the backswing, the follow thru, putting, chipping, pitching, and bunkers.

Instructional classes are taught and supervised by experienced PGA golf professionals and Colorado National golf staff members. Our instructors strive to provide a fun, safe, successful, and comfortable atmosphere, while at the same time providing quality instruction to each one of their students. Experience, understanding, and an ability to relate to young people of different abilities and ages are qualities possessed by each of our instructors. Our staff is filled with former golf, basketball, football, softball, and baseball coaches.
